GENERAL

Section 2: Guidelines for Proposal mentions printed and digital submission guidelines. According to Addendum 1 Section 1.1 can you confirm we will only be submitting one digital copy via email. Only one (1) digital copy via email (or Dropbox for larger files) is required; printed copies are not required. Proposer shall be responsible for ensuring that proposals submitted electronically are received by the City Clerk prior to the deadline. Proposals that are not received prior to the deadline shall not be considered by the City, even if the late submission is due to a technical or other error, including, without limitation, the City's inability to open or access the electronic file. If the proposer does not receive confirmation from the City Clerk that the proposal has been received, proposer should assume the transmission failed and either resubmit or arrange for another method of delivery. Proposers are also encouraged to contact the City Clerk to confirm receipt of their proposal prior to the deadline.
