

RESOLUTION NO. 2025-076

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ELK GROVE IDENTIFYING THE PROJECTS TO BE INCLUDED IN THE PROJECT LISTING TO RECEIVE FUNDING FROM THE ROAD MAINTENANCE AND REHABILITATION ACCOUNT FOR FISCAL YEAR 2025-26 AS REQUIRED BY THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017 (SB1)

WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and signed into law by then Governor Brown in April 2017 to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure the residents of Elk Grove are aware of the projects proposed for funding in the community and which projects have been completed each fiscal year; and

WHEREAS, the City must adopt by resolution a list of projects proposed to receive fiscal year funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the City will receive an estimated \$4,687,963 in RMRA funding in Fiscal Year 2025-26 from SB 1; and

WHEREAS, this is the ninth year in which the City is receiving SB 1 funding that will enable the City to continue essential road maintenance and rehabilitation projects, safety improvements, and increasing access and mobility options for the traveling public that would not have otherwise been possible; and

WHEREAS, the City has undergone a robust public process to ensure public input into the community's transportation priorities/project list; and

WHEREAS, the City used a pavement management system, Street Saver, to develop the SB 1 project list to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the community's priorities for transportation investment; and

WHEREAS, the funding from SB 1 will help the City maintain and rehabilitate approximately 225 street segments throughout the City this year and 246 street segments for similar projects into the future; and

WHEREAS, the 2020 California Statewide Local Streets and Roads Needs Assessment found that the City's streets and roads are in a "very good" condition and this revenue will help the City maintain the overall quality of the road system, and over the next decade will help keep the City's streets and roads in very good condition; and

WHEREAS, the SB 1 project list and overall investment in local streets and roads infrastructure with a focus on basic maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive benefits citywide.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Elk Grove hereby:

- 1) Finds the foregoing recitals are true and correct; and
- 2) Approves the following newly proposed projects to be funded in-part or solely with FY 2025-26 Road Maintenance and Rehabilitation Account revenues:
 - A. 2026 Pavement Slurry Seal and Resurfacing Project (WPR026):
 - Improvements to be completed by this Project will likely include asphalt concrete repairs, crack sealing, slurry seal and cape seal treatments, as well as ADA improvements and miscellaneous concrete repairs associated with this work.
 - A Street List is provided in Exhibit A.
 - Staff anticipate that this Project will start construction in the October of 2025 and be completed by October of 2026.
 - The estimated useful life of all expected improvements is between five years (pavement seals) and 10 years (pavement patches and repairs).
 - 3) The following previously proposed and adopted projects may also utilize FY 2025-26 Road Maintenance and Rehabilitation Account Revenues in their delivery. With relisting of these projects in the adopted fiscal year resolution, the City is reaffirming to the public and state its intent to fund these projects with Road Maintenance and Rehabilitation Account revenues.
 - A. Franklin Blvd. Cycle Track, Elk Grove Blvd to Laguna Blvd (WAM019):
 - This Project will result in the design and construction an extension of the existing one-way Class IV Bikeways on Franklin Blvd. This will provide a major north/south connection and significantly improve safety on a major roadway. It will connect trails in the southwest part of the City, such as Erhardt Trail and Franklin Creek Trail, to the Laguna Creek Trail and south Sacramento.
 - A Project location map is provided in Exhibit B.
 - Staff anticipates that this Project will start preliminary design in the Summer 2025 and be completed in December 2025 with construction beginning the Summer of 2026 and be completed by October 2026.
 - The estimated useful life of all items identified is 15 to 20 years.
 - B. Second Eastbound Left Turn Lane on Elk Grove Blvd, at Auto Center Drive (WTR098):
 - This Project will design and construct a second eastbound left turn lane on Elk Grove Blvd. to facilitate vehicles entering the Walmart Shopping Center at Auto Center Drive. This includes replacing the mast arm and supporting pole on the southeast corner with a longer mast arm.
 - The Project location map is provided as Exhibit C to the Resolution.
 - Staff anticipates this Project will start design in January 2026 and complete in May 2026, with construction starting in June 2026 and finishing in December 2026.
 - The estimated useful life of all identified items is 20 years.

- C. 2025 Pavement Slurry Seal and Resurfacing Project (WPR025):
- This Project includes asphalt concrete repairs, crack sealing, slurry and cape seal treatments, as well as ADA improvements and miscellaneous concrete repairs associated with this work.
 - A Street List is provided in Exhibit D.
 - This Project began construction in March of 2025 and all work is expected to be complete in October of 2025.
 - The estimated useful life of all items identified is between five years (pavement seals) and 10 years (pavement patches and repairs).
- D. Elk Grove Florin Complete Street and Resurfacing Project (WTR078):
- This Project, which will be the third phase of multi-modal and state-of-good-repair funding on this corridor, will include design and construction of pavement resurfacing, sidewalk gap closures, ADA curb ramp upgrades, the addition of new Class II and Class III bike lanes, upgrades to video detection, and pedestrian interval prioritization.
 - A Project Location Map is provided in Exhibit E.
 - This Project is currently in design with anticipated completion in Spring 2025. Construction is anticipated to begin in Summer of 2025 and be complete in October 2025.
 - The estimated useful life of all items identified is between 15 years and 20 years.

PASSED AND ADOPTED by the City Council of the City of Elk Grove this 14th day of May 2025

BOBBIE SINGH-ALLEN, MAYOR of the
CITY OF ELK GROVE

ATTEST:

JASON LINDGREN, CITY CLERK

APPROVED AS TO FORM:

JONATHAN P. HOBBS,
CITY ATTORNEY
